Assignment 26 - Certificates, Snort and Firewalls (Lab and Quiz)

1. Lab 21.4.7, Part 1, Step 1e: *NOTE: Since you are not using the NETLAB environment for this step, you will not have your UNID in the screenshot....and that is okay, just make sure you screenshot the entire browser so we can see you did the work!*

2. Lab 21.4.7, Part 2, Step 2d:

Topology Content Status Workstation

David Eccles School of Business
THE UNIVERSITY OF UTAH

Home Reservation u1483046@utah.edu

MyNETLAB > Cisco CyberOps Associate POD 1 > Reservation 70503 > 26.1.7 Lab - Snort and Firewall Rules

WorktopologyContentStatusWorkstation

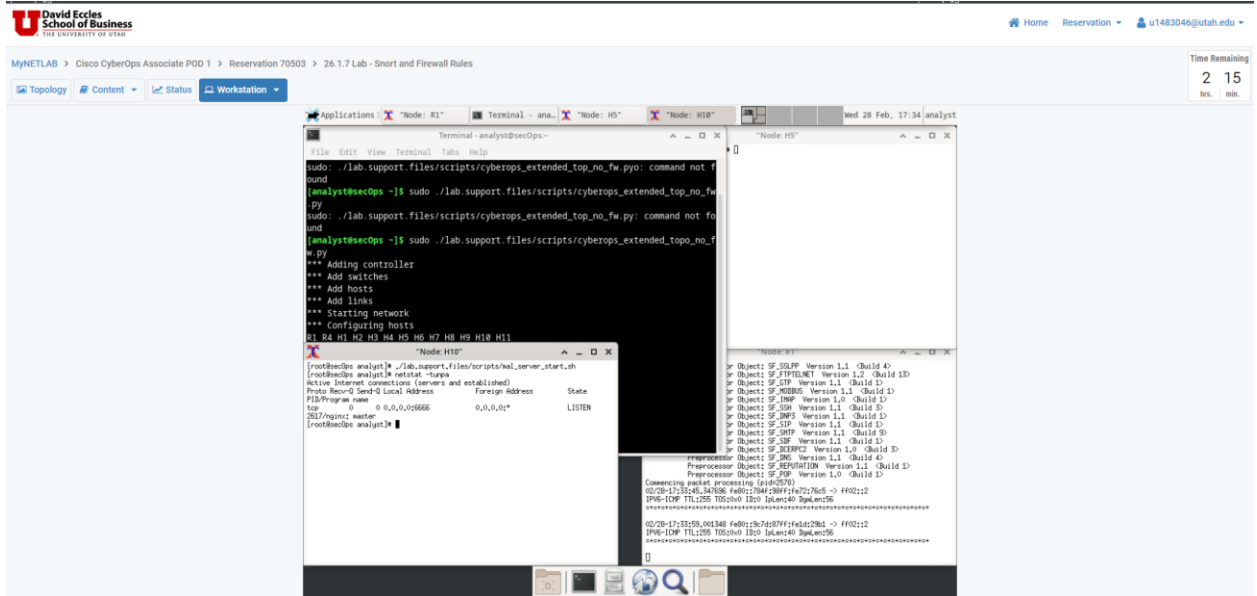

Time Remaining
218 hrs. min.

```
